## Communication is the tool of an effective leader!

---

- To lead effectively, one must know how to communicate ideas and visions.
- To communicate effectively, one must know how to grab and influence the audiences.
- The YLP YAS Gavel Club is the place to be if you want to be an effective leader and a powerful communicator.

"We learn, network, socialize, help communities, and most importantly, have a lot of fun while doing it all!"

"The YAS Gavel Club is where I can do it all ... like balancing the hardwork of learning to effectively lead and communicate, meeting new friends, and being helpful to our communities. The skills I learned and the friendship I developed during my time with the club are valuable assets that benefit me life-long."

---

## So what do we do exactly?

---

We meet every other week on Sunday. In each class session, we learn how to chair meetings. Everyone has a speaking role, and the performance of each role is immediately evaluated by a seasoned communicator. The environment is professional, cordial, supportive, and pressure-free. Students work collaboratively and learn from each other taking turns being the evaluator and the evaluated with personalized guidance from an experienced instructor. Everyone can learn at one's own pace. Everyone learns by practicing upon practicing until the skills and techniques become second nature.

---

## What our club offers:

---

- Worldwide recognized Toastmasters International leadership and communication training programs and certifications
- Interactive workshops conducted by specialty field-leaders to enhance experiences and life skills
- Platforms with real audience for public communication practices and confidence building
- Opportunities for community services and learning club / organizational administrations and functions
- Opportunities to network with peers and professionals; meet people and make new friends

---

## Don't be shy, join us and see your own potential and accomplishments!
